

## The Best Restaurant Architects in Chula Vista, California

by EDITORIAL STAFF

It is crucial that a restaurant's interior design gives guests a clear indication of the kind of food and service they can expect. If you're building a restaurant, you need to choose a professional who will craft your establishment with your brand personality in mind and provide the best possible dining experience for your customers.

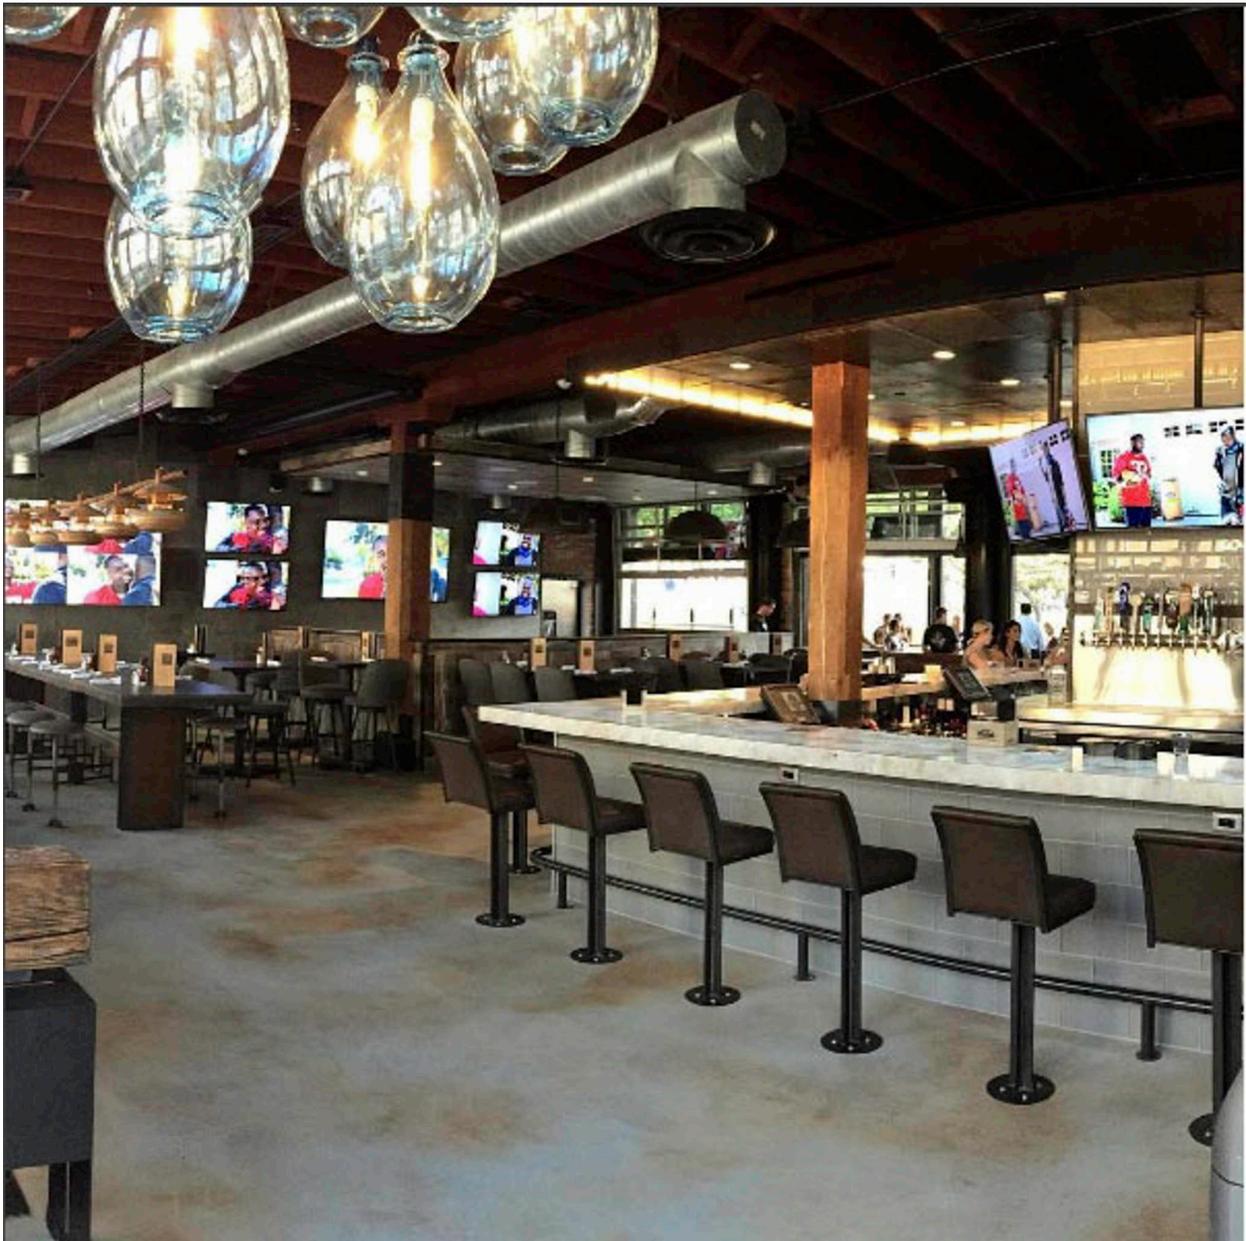

The list below includes the best restaurant architects in Chula Vista, California. These firms were selected for their accreditations, certifications, and professional affiliations. Industry awards, client reviews, and press features were also taken into account, as well as the range of services the firms offer, their specializations, and the length of time they have been in the industry.

### Architectural Concepts Inc.

**3958 First Avenue, San Diego, CA 92103**

Headquartered in San Diego, Architectural Concepts is a licensed architectural design firm providing service in California, Arizona, Florida, Texas, New York, Hawaii, and Pennsylvania. It has been in the business for three decades, offering architecture, interior design, master planning, and consultation services for corporate office, health care, resort, retail, and restaurant clients. The firm takes pride in its dedication and talent, as well as its ability to build solutions that yield outstanding results. The firm fosters collaboration and is committed to going the extra mile to bring its clients' visions to life.

Margit E. Whitlock founded Architectural Concepts in 1992, she has been responsible for creating the concepts that drive the design. She is an accomplished speaker, and her work is often published in magazines such as *Developments* and *Resort Trades*. She led the Architectural Concepts team in designing the Social Tap American Eatery in San Diego.

The historic windows were dismantled and re-attached to a custom metal frame, allowing them to act as an awning providing an open-air experience for the firm's patrons. The interior features old brick, acid-washed panels, iron strapping, and subway tile to accent and pay homage to the building's history. Both custom light fixtures and custom social tables with rotating seats give the place a rustic feel.
